###

**About DPOR and the Board for Asbestos, Lead and Home Inspectors:**

The Virginia Department of Professional and Occupational Regulation (DPOR) administers and enforces laws regulating 31 commercial occupations and certain professions. The agency licenses or certifies more than 250,000 individuals and businesses ranging from architects and contractors to cosmetologists and professional wrestlers. DPOR investigates reports of regulatory violations by licensees; pursues complaints of criminal activity by unlicensed practitioners; responds to business-related consumer inquiries and requests for license checks; administers recovery funds for consumers harmed in contractor or real estate transactions; and conducts mediation services and public awareness campaigns.

The Board for Asbestos, Lead and Home Inspectors oversees the state’s asbestos and lead-based paint activities licensing regulations, and establishes criteria for training courses and asbestos laboratories. In 2001, the General Assembly expanded the Board’s responsibilities to include a voluntary certification program for home inspectors. The Board is composed of one asbestos contractor, one lead contractor, one asbestos inspector or project manager, one lead risk assessor, one analytical laboratory representative, one training course provider, two home inspectors, and two citizen members.

For more information, visit DPOR online at [www.dpor.virginia.gov](http://www.dpor.virginia.gov).
